INSTRUCTIONS FOR WRITING ABSTRACTS

Original scientific papers, review articles, science communications, and case studies from all areas of special education and rehabilitation and related fields of science will be presented at the Conference, provided that they were not previously presented or published elsewhere. One author can submit no more than two papers, being the first author in only one of them.

Abstracts should have between 200 and 300 words with spaces (not including the title, author's name(s), institutional affiliation, and key words).

The text should be fully justified, on A4 paper size, with margins set at 2cm.

Abstract title should be in Times New Roman font type, 12pt, bold.

Full surname, name, and institutional affiliation of all authors should be in Times New Roman font type, 12pt, with the name of the presenting author underlined and his/her email address given in footnotes.

Abstracts should be written in Serbian (Latin) or English, Times New Roman font type, lOpt.

Abstracts presenting research results should include: research subject, methodology, results, and conclusion.

When presenting results, the values of applied statistical analyses should be specified.

Abstracts should not include references.

Three to five key words should be given at the end of an abstract, in Times New Roman font type, lOpt, italics.
