

## Course specification

<b>Study program:</b> Special education and rehabilitation, module Prevention and treatment of behavioral disorders		
<b>Type and level of studies:</b> Master academic studies		
<b>Title of the subject:</b> Formal and informal social control		
<b>Lecturer:</b> Danica V. Vasiljević-Prodanović		
<b>Course status:</b> Elective		
<b>ECTS:</b> 6		
<b>Prerequisites:</b> No prerequisites		
<b>Aim:</b> The aim of the course is to contextualize informal and formal forms of social control into the current characteristics of contemporary society and the institutional reaction of society to crime and other forms of behavioral disorders.		
<b>Outcomes:</b> Acquiring knowledge about forms of social reactions to crime and other forms of social deviations. Students will be able to use knowledge about different forms of social reactions to deviance in the development of various development projects, programs and measures of prevention and overcoming social deviations at the local level. Mastering the scientific, theoretical, methodological and applicative knowledge will also provide students with a basis for further studying.
